

# WHAT TO EXPECT

## Working with Rockford

### UNDERSTANDING OF YOUR REQUIREMENTS

The best engineers devise robust requirements capture processes to ensure they always know precisely what you need.

**PETER LION**

*Managing Director*

### MULTI-SKILLED TALENT

A multi-skilled engineering team can work together on complicated projects to create unique solutions that meet your needs precisely.

**LEE BETTS**

*Engineering Director*

### QUALITY ASSURANCE

Within many industries, such as aerospace and defence, very particular quality standards must be adhered to. By operating to the standards of multiple industries, great engineering companies like Rockford achieve stellar results.

**DENNIS FOWLER**

*Company Quality Director*

### RESPONSIVENESS

As per all great businesses, the very best engineering companies are responsive and work with you to refine designs to suit you.

**CHRIS PARSONAGE**

*Sales & Marketing Director*
