ROCKFORD

WHO WE ARE

Rockford is the UK's largest independent provider of wiring, interconnect & system solutions for the aerospace, defence and industrial markets.

WHAT WE DO

With over 40 years of wire harness design experience using the majority of wiring harness systems and materials, We design, prototype, and manufacture IP68 sealed box builds, PDUs, control units, control panels, or electro-mechanical assemblies. We offer rapid prototyping with fabricated, machined or cast enclosures and have a pedigree in defence platforms.

Rockford's engineers are on hand to travel globally in order to support you with design, installation, manufacturing, repair, and refurbishment.

PEDIGREE

Customers include; BAE Systems, Lockheed Martin, Williams Fairy Hydraulics, Thales, Moog, and General Dynamics.
