# WHO WE ARE

Rockford is the UK's largest independent provider of wiring, interconnect & system solutions for the aerospace, defence and industrial markets.

# WHAT WE DO

With over 40 years of wire harness design experience using the majority of wiring harness systems and materials, Rockford can offer design advice for any type of environment.

Rockford can design and manufacture full vehicle systems when you add power distribution, control boxes, metalwork fabrication and cable assemblies together. As Rockford has control over all aspects of the system, and not just sections, you can get the full turn-key solution.

# PEDIGREE

Customers include; BAE Systems, Lockheed Martin, Williams Fairy Hydraulics, Thales, Moog, and General Dynamics.
